OUR WALK-ON'S STORY

THE JOURNEY BEGINS

Walk-On's founders Brandon Landry and Jack Warner became fast friends as a pair of walk-ons (unrecruited and unsigned athletes) on the Louisiana State University basketball team. Without a lot of true playing time, Brandon was able to discover that his interests and hopes went beyond the basketball court. While traveling across the country, he was able to visit some of the best restaurants and sports bars in the country and began to recognize the need for such a concept in Baton Rouge, especially near LSU. His idea began to take shape 35,000 feet above the earth as he sketched the vision for a floor plan on the back of a napkin while the team flew home.

WALK-ON'S IS BORN

Despite having little business experience and even less financial backing, Brandon was determined to create a business environment built on culture and the idea that everyone on the team was needed and mattered as much as the next guy. On September 9, 2003, his dream became a reality as Walk-On's Bistreaux & Bar® opened for business in the shadows of LSU's Tiger Stadium.

WINNING TODAY, TOMORROW AND BEYOND

Success in sports and success in life often come from similar paths. Brandon Landry has turned the traits he learned as a college basketball walk-on into virtues that he shares freely with everyone on the Walk-On's team. Today, with over 100 locations in the works across 15 states, the sky is the limit. Walk-On's operates with a mission of delivering a memorable game day experience with a taste of Louisiana created by an All-American team. Brandon regularly and proudly shares his goal with everyone on his team - To Win!
