THE JOURNEY BEGINS

Walk-On’s founders Brandon Landry and Jack Warner became fast friends as a pair of walk-ons (unrecruited and unsigned athletes) at the Louisiana State University basketball team. Without a lot of true playing time, Brandon and Jack were able to discover that their interests and hopes went beyond the basketball court. While traveling across the country, they were able to visit some of the best restaurants and sports bars and began to recognize the need for such a concept in Baton Rouge, especially near LSU. Their idea began to take shape when they saw the LSU football stadium from the field level and realized that they could create a new football stadium.

WALK-ON’S IS BORN

Despite having little business experience and even less financial backing, Brandon and Jack were determined to create a business environment built on culture and the idea that everyone on the team was needed and made as much as the next guy - play for the name on the front, not on the back. They agreed that a business would not only provide a place for their friends and teammates to enjoy themselves but also serve as a venue for other LSU and Baton Rouge residents.

WINNING TODAY, TOMORROW AND BEYOND

Success in sports and success in life often come from similar paths. New as the Founder & CEO of Walk-On’s, Brandon Landry has turned the idea into a college basketball walk-on into a business that is more than just a restaurant. Today, with over 100 locations in the states across 15 states, the sky is the limit. Walk-On’s operates a mission of delivering a memorable game day experience with a taste of Louisiana created by an All-American athlete. Brandon regularly and proudly shares his goal with everyone on his team — To Win!

Cheers to you and your dreams!
